Dear Byron,

I wanted to let you know how Henry Barouh made this years Sony-ericsson tennis tournament such an easy and profitable event. Henry was with me through the entire 3 weeks and even met me twice off site in February to help us secure product as well as introduce new product for the 2007 tourney. As always Henry never ever said no he couldn't get something or that he couldn't do it (which was nice as i never had to kid him that i was gonna call Sysco..ha ha)But seriously I would not of come back this year to do the purchasing if Henry wasn't here he makes Great Performances job easier and my position a pleasure through all the chaos.

Have a great year!

Seth
